**WASHINGTON MAN
NOW BRITISH PEER**

**Death of Viscount of Exmouth
Passes Title to Henry
Edward Pellew**

HEIR IS COLUMBIA TUTOR

New York, Aug. 18.—Through the death in Exmouth yesterday of the Viscount of Exmouth after a surgical operation the title, which has been an illustrious one in the history of the royal navy, passes to Henry Edward Pellew of Washington, D. C., who is ninety-four years old and who for fifty years has been an American citizen.

His son, who will become heir to the peerage and title on the death of his father, is Charles Ernest Pellew, of New York, who for many years has been professor of chemistry in Columbia University.

Henry Edward Pellew, of Washington, is the great-nephew of the Viscount who died yesterday. Although the senior Mr. Pellew was born in Canterbury, England, in 1828, he moved to New York in 1873 and became an American citizen. In 1858 he married Miss Eliza Jay, daughter of Judge William Jay, of this city. She died in 1868 and in 1873 Mr. Pellew married her sister, Augusta Jay. The first wife was the mother of Prof. Pellew, who was born in London in 1803.

Active in Social Work
During his New York City residence Henry Edward Pellew, who becomes Lord Exmouth, was active in organizing the Bureau of Charities in association with Abram S. Hewitt and Theodore Roosevelt, Sr., father of President Roosevelt. He was prominent also in retirement house reform and in organizing free circulating libraries, coffee houses and night refuges. He was president of the New York Society for Improving the Condition of the Poor, the Sanitary Reform Association and St. George's Society.

Since 1888 the new Lord Exmouth has lived in Washington, but he passed the summer usually at his country home in Sharon, Conn. In Washington he has taken a deep interest in work for the Negroes, in the building of the Washington Protestant Episcopal Cathedral and in all the social and educational affairs of that diocese. He is a member of the Century and University Clubs of New York and of the Metropolitan Club of Washington. His father was the Hon. and Rev. George Pellew, D.D., Dean of Norwich, and his mother was Frances Addington, daughter of the Viscount Sidmouth.

Son to Settle Estate
When seen at his home last night Prof. Pellew, heir to the title, said that because of his father's advanced age the duty of going to England to participate in the settlement of the estate probably would devolve upon himself. His father's American citizenship would in no way bar him, Prof. Pellew said, from the succession. The older Pellew, now Lord Exmouth, instead of going to Sharon, as has been his custom, has remained quietly this summer in his home in the national capital.

Prof. Pellew was graduated from Columbia in 1884 and two years later married Miss Margaret W. Chandler, of this city, who died last May. No son was born of the union, but a daughter, Anna, now is traveling in the West. Prof. Pellew is the author of several manuals of chemistry and is a member of the American Association of Arts, the American Chemical Society and a fellow of the New York Academy of Sciences. He is a member of the Arts Club of Washington and of the Century Club of New York. In the Spanish-American War he served as a captain in the signal corps.

**VELASQUEZ OIL PAINTING
MAY COME TO AMERICA**

Famous Masterpiece Reported Sold to Resident of United States
Paris, Aug. 18.—A painting of Diego Rodriguez Velasquez, the great Spanish painter of the early seventeenth century, which formerly hung in one of the Hungarian art galleries and was reported sold to a buyer in the United States for \$250,000, has been found and brought to Paris by the son of the celebrated Hungarian painter, Gyula de Hencz, to be appraised.

The painting was held up by the Hungarian authorities for the payment of a heavy Government tax. It is asserted that the work is not for immediate sale and will not be until after its valuation.

STONE AGE RELICS FOUND

Skeletons in Connecticut Believed to Be of Prehistoric Race
Bridgeport, Conn., Aug. 18.—Two complete skeletons, believed to have belonged to inhabitants of the earth in the Stone Age, are said to have been unearthed by a band of archeologists headed by Prof. Warren King Moorehead, of national reputation, near the Housatonic River at Laurel Beach.

The bones of both skeletons are rough, denoting great strength. The skulls are flat and both possess a perfect set of teeth of unusual size.

Prof. Moorehead said it was his belief the bodies were buried in salt water many thousand years ago, which accounts for their preservation.

VESSEL SINKING ON REEF

Japanese Freighter With Crew of 46 Is on Coral Strand
Manila, P. I., Aug. 18.—(By A. P.)—The Japanese freighter Ryokai Maru, of the Mitsui Bussan Kaisha line, with a crew of forty-six and a cargo of sugar bound for Japan, from Java, is sinking on a coral reef twenty miles south of the Mindoro coast, according to a wireless message received last night.

Destroyer and a coast guard cutter are rushing to the disabled craft's aid and expect to arrive at noon today. The vessel's position is said to be one of the most dangerous in these waters during heavy weather.

DEATH IN CURLING IRON

Short-Circuiting of Wires Sets Woman's Hair Afire
Long Beach, N. J., Aug. 18.—Her hair set afire by the short-circuiting of wires in an electric curling iron, Mrs. Letitia McGill, youthful wife of the groundskeeper at Lido Golf Club, suffered burns that caused her death yesterday.

Attracted by the screams of the young woman, her husband smothered the flames with blankets. She died soon after being taken to a hospital.

Hungary Asks Admission to League

Geneva, Switzerland, Aug. 18.—(By A. P.)—Formal application from Hungary for admission into membership of the League of Nations was received today by the League secretariat. The application will be acted upon at the September meeting of the assembly.

RACES OFF AT PITMAN FAIR

Another Big Crowd Attends Grange Picnic on Closing Day
Pitman, N. J., Aug. 18.—Automobile races have been called off for today, the last of the fair and picnic of the Gloucester County Grangers at Allyn Park. After yesterday's races, in which one driver was hurt, the track was found to be in too dangerous a condition to attempt to continue the program. With less of a jam than yesterday, when it is estimated that 50,000 persons and 8000 automobiles were at the park, there were numerous prospective buyers along machinery row, where the automobiles and farm

trucks predominate. Farmers are still talking about the visit here yesterday of Senator Joseph S. Frelinghuysen, Republican candidate for re-election, his Democratic rival, Governor Edward I. Edwards, and George L. Record, who also wants the Republican nomination for that office; together with Senator William N. Runyon, Republican, and Banking Commissioner William E. Tuttle, Democrat, who are both out for the governorship.

**Don't Just Wish for Hot Water
—Have It!**

You can, at any minute, day or night, if you let us install in your home a

GAS STORAGE WATER HEATER

Just as the name implies, it stores hot water in a tank, ready for your instant use. When hot water is drawn, the gas goes on automatically, and it goes out automatically when the tank is again full of hot water. Economical to operate.

See a demonstration at any of our stores or ask us to send a representative.

Savings of Importance
Hundreds of Thousands of thrifty Housewives know, in the long run, that Buying Groceries at the A&P rapidly multiplies penny-savings into important dollar-savings

The unequalled, gigantic buying power of the A&P is strenuously solicited by every food producer and manufacturer, on account of its immense outlet, with the result we are enabled to present values through our stores that cannot be equalled by any other grocery organization. We are endeavoring to lower food prices wherever possible, and in order to do so, manufacture and produce food articles in our own factories.

With the assurance of quality at lowest prices—the A&P presents the logical grocery store for the practice of REAL economy.

THE LARGEST RETAIL GROCERS IN THE WORLD

The new Goodyear Cross-Rib Tread Cord

Discounting the "Discount" in Advance

You don't have to be a shrewd bargainer to get the bottom price on the new Goodyear Cross-Rib Tread Cord. Instead of listing it at a high price, to enable the dealer to attract you with a so-called "long discount," we list it as low as we profitably can. You can see from the figures below that its advertised price is lower than the net price you are asked to pay for many "long discount" tires of unknown value.

We believe the average man would rather buy tires on this frank and open basis, and assure himself a product of recognized worth. The new Goodyear Cross-Rib Tread Cord is made of high-grade long-staple cotton, and it embodies the patented Goodyear method of group-ply construction.

In design, materials and manufacture it is a representative Goodyear product, built to safeguard the world-wide Goodyear reputation. It has a different tread from the famous All-Weather Tread Cord—a new tread with a deep, clean-cut, cog-like pattern—and it sells for substantially less.

Compare these prices with NET prices you are asked to pay for "long discount" tires

30x3 1/2 Clincher	\$12.50	32x4 Straight Side	\$24.50	33x4 1/2 Straight Side	\$32.15
30x3 1/2 Straight Side	13.50	33x4 Straight Side	25.25	34x4 1/2 Straight Side	32.95
32x3 1/2 Straight Side	19.25	34x4 Straight Side	25.90	33x5 Straight Side	39.10
31x4 Straight Side	22.20	32x4 1/2 Straight Side	31.45	35x5 Straight Side	41.05

These prices include manufacturer's excise tax

Goodyear Cross-Rib Tread Cord Tires are also made in 6, 7 and 8 inch sizes for trucks

GOODYEAR

Would a Man Rather Love Than Be Loved?

What do you think? Is the correct answer to this question the one real secret of a happy marriage? More than one philosopher has expressed this thought: "That man's necessity is not to be loved, but to love, and that to love, his fixed need is to pursue—and conquer." If you think this over you'll find that there is a great deal of truth in it. An outstanding example is the situation around which Henry Sydnor Harrison has written his short story on Married Life, entitled

PURSUIT

The ELEVENTH in the Famous Series of TWENTY-THREE STORIES OF MARRIED LIFE by Twenty-three American Authors

Appears Saturday, August 19 in the Evening Public Ledger

Note carefully the names of the twelve eminent authors and authoresses whose novelettes are still to appear one each Saturday
